PRINT APPROVAL FORM

1. ERRORS

HexFX Design Services takes every care but accepts no responsibility for spelling mistakes or other errors when the artwork proof has been signed off.

2. CORRECTIONS

Artwork costs include one set of corrections only, so please check all artwork thoroughly. Any additional corrections or design changes will incur a design fee of \$75.00 per hour.

3. COLOUR

Due to the nature of process printing, screen colours are NOT an indication of the final printed product. If Pantone colours or CMYK values have been specified, then these colours will be as close as possible to the final printed product. HexFX Design Services takes no responsibility for colour variations in the final printed product when Pantone or CMYK values have been specified, used & approved in the design.

4. THIRD PARTY PRINT PRODUCTION

HexFX Design Services takes no responsibility for the final output, supply or completion time for the goods or services provided by a supplier arranged by yourself; the client. On approval of this final proof, HexFX Design Services is not liable & will take no responsibility for the goods or services provided to the client &/or print servicer. This includes the use of various print methods used (specifically colour variations used for full colour/digital output) by a third party to output the goods, HexFX Design Services is in no circumstance liable to any loss or expense resulting in an undesired outcome.

LOGO APPROVAL FORM

1. ERRORS

HexFX Design Services takes every care but accepts no responsibility for spelling mistakes or other errors when your artwork has been approved.

2. COPYRIGHT

All logo concepts are considered artistic works until published by HexFX Design Services & are therefore subject to copyright. Any use of the unpublished design/s without permission is strictly prohibited. Copyright is only transferred to the above party on approval of this form & payment for the chosen design.

3. COLOUR

Colours may vary from computer image to actual afghan & are NOT a true indication of the final product. HexFX Design Services always specifies Pantone colour values & uses spot colours in the creation of your logo. On approval & receipt of payment a logo kit will be issued containing a CD of all logo artwork & specifications detailing Pantone, CMYK, RGB & Hex colour values as well as various formats of your logo artwork. On signing this approval you agree that the nature of colour including different print outcomes has been explained in detail to you throughout the design process & you accept that HexFX Design Services takes no responsibility for colour variations in the final printed product.
